

A call for a SEND Reform in England

Dear [MP name here]

My name is [your name], I am writing to you today as a distressed member of your constituency and as a parent/carer to add my voice to the SEND Reform England / Let Us Learn Too campaign.

I have one simple request, please don't ignore me and all the families with children that have special educational needs and disabilities. Please pledge now that if you win the next election, you will fix the awful and cruel SEND system.

This is important to me because [\*insert a brief example of your own experiences - this is very impactful to include\*] I am sure you will agree that vulnerable children being failed on a catastrophic scale is a national crisis that is preventing both children with SEND and their families from fulfilling their potential and contributing to society.

If I can give you any more information on this, or if you would like to arrange to talk about it with me at your surgery, I would be happy to do so.

I look forward to hearing from you soon.

Yours sincerely,

[Your Name]
